## LAKWOOD CITY SCHOOLS

August 17, 2009

RTA Board of Trustees  
The Greater Cleveland Regional Transit Authority  
Main Office  
1240 W.6th Street  
Cleveland, Ohio 44113-1331

Dear Board of Trustees:

Because of the location of its seven elementary school buildings in the City of Lakewood, Lakewood Schools do not provide school bus transportation for any students at any grade level. Many elementary school students rely on the RTA Circulator bus transportation to get to and from school. With two middle schools serving our city, several middle school students rely on this RTA Circulator bus transportation to get to and from school. With one high school serving our city, many high school students rely on this RTA Circulator bus transportation to get to and from school.

Withdrawing RTA Circulator bus transportation from Lakewood will create difficulties and hardship for some Lakewood students in getting to and from school.

Sincerely,

A handwritten signature in cursive script that reads "P. Joseph Madak".
